INSURANCE ESTIMATE

We do our best to provide you with accurate insurance co-payment estimates. However, our estimates are based on generalized information provided to us by your insurance company. This information is NOT a guarantee of payment from your insurance company. Your insurance company will determine coverage only upon receipt of a claim. Any co-payments collected are an estimate per the information given to us by your insurance company. You may still have a balance even after the insurance has paid. By signing this you state that you understand this and have asked any other questions that you may have.
